**15. Jacob<sup>4</sup> Donnell** (Reuben<sup>3</sup>, John<sup>2</sup>, John<sup>1</sup>)<sup>148</sup> was born 05 Feb 1853 in McNairy County, Tennessee<sup>148,149,150</sup>, and died 26 Nov 1932 in Collingsworth County, Texas. He married **Margaret V. Poff** 15 Jan 1880 in Grayson County, Texas<sup>151</sup>, daughter of Michael Poff. She was born 26 Oct 1863 in Texas, and died 16 Mar 1953 in Collingsworth County, Texas.

Notes for Jacob Donnell:  
The following sketch was abstracted from HISTORY OF NORTH AND WEST TEXAS edited by Capt. B. B. Paddock, The Lewis Publishing Co. Chicago- New York 1906:

"Jacob Donnell was born in McNairy County, Tennessee on 5 February 1853, his father having emigrated there from Madison County, Tennessee. In 1865 he removed with his father's family to Tippah County, Mississippi where the family remained until 1878 when his father came to Texas settling in Grayson County. There his father, Reuben Donnell, died in 1889 at the age of seventy-three. Jacob discharged his obligation to his father by remaining with him until past his majority and acquired only a meager education with which to enter the world of affairs. When he reached his destination in Texas the limit of his funds was also near at hand, and had he been disposed otherwise, it was necessary for him to find work. He did his first independent farming in Texas on James Higgs' place in Brazos county, where he remained until 1879, when he settled in Grayson, and there he received the impetus which started him well on toward his final success.

He married Margaret V. Poff, daughter of Michael Poff, on 15 January 1880 in Grayson County, Texas and the efforts of two on the farm told more effectively than the efforts of one. Little by little they gathered substance about them and when it was discovered that they were in a position to "pay out" on a farm in Clay County Mr. Donnell came hither and located. He bought a fractional quarter three miles southeast of Vashti, Clay Co., Texas from James Rigger, and farmed this land intelligently and successfully. From the products of the land he met his obligations on his farm, added materially to its improvements and bought a second farm. Through the means of raising corn, cotton and stock, Mr. Donnell won a measure of independence and as citizen suffered no embarrassment in comparison with his position as a business man."

"The Donnells maintained themselves upright as citizens and were nothing if not representative as tillers of the soil. Jacob Donnell interested himself in nothing outside of the direct business of his life and his eventual success is accountable for on this hypothesis alone. He discharged his political obligations, as he saw it, when he voted and on national or state questions the Democratic ticket received his support."
